The Governor's Corner

Hope everyone is enjoying the snow being gone. Warmer weather will be here before you know it.

First off would like to thank both the Lodge and Chapter officers for their year of service. It has been great working with each of you. Also, thank all the new officers to both the Lodge and Chapter that are starting a new year; I'm looking forward to working with each of you to make our Lodge and Chapter the best in Wisconsin.

As I finish another year as Governor and start a new one, I want to tell all members that it has been an honor and pleasure to be on the board of officers. Sometimes being Governor can be a challenge - being sure we have enough volunteers to meet our needs for functions. But the great people we have here have come through every time. So thank each and every one of you for a job well done.

There is a very funny side to being Governor too. You get to hear some pretty funny stuff. I always wonder where the stuff comes from. I've even heard the doors were closing in 3 months, 6 months ago. This is not true. I guess if members would go to meetings they would know this. There have been many other things too. Too many for a newsletter. But if you want the truth on anything ask one of your officers, or better yet come to a meeting. I know that everyone thinks that the board of officers is doing a great job, but it would be easier with feedback from the members.

Come to a meeting and tell us what you would like to see or do at our lodge. One thing each of us that believes in what our Lodge and Chapter does, or what the mission of Moose is should sign that one new member a year. Just think how our Lodge and Chapter would grow. It's not the job of a few members, but each member should want to see our lodge grow and be the best Lodge and Chapter in Wisconsin. Ever wonder what goes on in Lodge or Chapter meetings? Step out of the social quarters and into the Lodge Hall for 30 minutes on a Wednesday and find out. Tell your friends about the Moose, and that you are proud to be one.

Governor, Steve Hodgkins WE COULD ALWAYS USE YOUR HELP.

Administrator's Letter

We had an adequate year. Sorry, too much time and energy was spent on pointing out "another's shortcomings" - too little time on building the Lodge and Chapter.

It has been almost 25 years of watching the membership waiting for someone else to do something, like "I would have" and too much time tearing into others' attempts to get things done after the fact or at the last minute.

We don't have forever; many other Lodges, Chapters, clubs and organizations (from churches to social groups to teams) end up not there - done. We are in the cat-bird seat. We can stop a slow decline, start a renewal. Not one, WE.

We, Lodge 1572, are at the end of our centennial year - the ladies are approaching their anniversary of 100 years of service, commitment and existence. Do you want to have to point to the day and say "if they would have only listened to me" instead of not having to say that because the change began!! All of our days are numbered, as a person, member or organization. How do you want to be remembered, or do you??

If I personally offended, or if you know someone I offended, let me know; give me the benefit of doubt I give to all - my intentions were for the best of the Lodge. As everyone (including myself) knows I am not perfect.

Our members have risen above the call of duty so often, saw a need - and got to it. We need to do it again, let's get the next 100 years off to a good start. So many of you make it "always a great day to be a Moose".

See you here, Mark - Admin., Club Mgr.
